TO WHOM IT MAY CONCERN

At our 91st Annual Show held on 22nd March, 2003 we engaged Tomteland to provide us with Carnival attractions for the day. The way in which they conducted this enterprise was, without question, exemplary.

The workers running each attraction were polite, friendly and efficient. They were extremely patient with children and were very civil in their manner towards the Show patrons.

The attractions themselves were most suitable for the occasion and were widely accepted by the community and patronised heavily all day. The use of paid wristbands proved very popular and will be encouraged next year.

Tomteland management was efficient and reliable in negotiating bookings and they were honest in their payment to us. Their services will be retained for the forthcoming year.

My Committee and I were more than pleased with using Tomteland for our carnival entertainment.

Yours faithfully,

Helen Allman
Secretary
